PROFILE SUMMARY

- I am a **Product Management leader** with over a decade of experience **building and scaling enterprise SaaS and platform products** across Cloud, Hybrid Infrastructure, FinOps, Banking, Retail, Compliance and digital growth platforms with deep expertise in **Generative AI and Agentic workflows** that drive autonomous decisioning, optimization, and workflow automation
- I drive **product strategy and execution** across the complete product lifecycle, collaborating with engineering, design, and GTM teams distributed across US, Europe and India to deliver successful product launches.
- I maximize **customer adoption outcomes** by **applying AI tools** for **market research** and **competitive intelligence**, while simultaneously driving AI product roadmap .

CORE COMPETENCIES

- Product Strategy, Roadmap Ownership, and Prioritization
- Go-to-Market Leadership and Cross-Functional Execution
- AI-Enabled Product Leadership (Insights, Decisioning, and Automation)
- People Person, Coach, and Mentor

WORK EXPERIENCE

Flexera , Bengaluru

03/2024-Till Date

Product Management – Cloud Operations

- **Leading product strategy and roadmap** for a growth-focused platform serving the **partner ecosystem** and **AI-driven cloud optimization**, aligning with evolving market dynamics and customer needs.
- **Conducted deep market analysis and customer discovery to identify opportunities in the MSP/partner FinOps space, shaping Flexera's long-term product direction.**
- Driving AI-led initiatives including **forecasting, anomaly detection, intelligent recommendations**, and **autonomous (agentic) workflows** to improve efficiency and reduce cloud spend.
- Partnering with **AI Engineering, UX, and GTM teams to define and scale Generative AI and Agentic AI use cases**, building a platform for intelligent, workflow-driven FinOps insights and automation.
- Collaborating closely with **AI Engineering, UX, and GTM teams** to define **Generative and Agentic AI use cases** and **build a scalable AI platform** for FinOps insights.
- Performed a detailed **competitor analysis** of key players such as **IBM Apprio, , CloudHealth, Vantage, ServiceNow, FinOut and Doit.**
- Refined the **MSP Cost Allocations and Adjustments** product backlog across **AWS, Azure, and GCP**, resulting in the successful onboarding of **10K+ customers.**
- **Driving business cases to get internal funding** for the mature product, focusing on investment planning, resource allocation, timelines, opportunity pipeline, and revenue modeling.
- Presenting roadmaps and outcomes to **Flexera's C-suite executives including CEO, CTO, CTO, CFO, COO**, after being shortlisted as a finalist in the annual company event (Reflex) in 2024 and 2025 - with the 2024 team winning and the 2025 team ranking in the top 7 org wide.
- **Recognized by the CPO of Flexera** for product innovation and leadership impact
- Recipient of the **"Best Flexera India Team Award"** in both **2024 and 2025.**
- **Leading a team** of four including mix of **product managers and Product owners**
